

Gateway Plumbing and Heating is hiring.

<http://www.gatewayplumbing.com>

Residential/light commercial service mechanics needed for steam and hydronic boiler installations, repairs and troubleshooting. Candidates must also be highly competent plumbing service techs.

This is a great opportunity for an experienced journeyman or advanced apprentice to be considered for membership in the MES Division Plumbers' Union and a great, steady working plumbing shop.

Please have an updated résumé prepared and ready for review to send to [employment@gatewayplumbing.com](mailto:employment@gatewayplumbing.com)
